4 Products related to fine fragrances Products applied to the body using the hands (palms), primarily leave- on (Body lotion) Not restricted Products applied to the face using the hands (palms), primarily leave- on (Face moisturizer) Not restricted Products applied to the hands using the hands (palms), primarily leave- on (Hand cream) Not restricted Products applied to babies using the hands (palms), primarily leave on (Baby cream, oil, talc) Not restricted 7A Rinse-off products applied to the hair with some hand contact Not restricted 7B Leave-on products applied to the hair with some hand contact Not restricted 8 Products with significant anogenital exposure, primarily rinse-off Products with body and hand exposure, primarily rinse-off Household care products with mostly had contact (excluding 10A aerosol/spray products) Products with intended skin contact but minimal transfer of fragrance 11A to skin from inert substrate without UV exposure Products with intended skin contact but minimal transfer of fragrance 11B to skin from inert substrate with potential UV exposure Other air care products not intended for direct skin contact, minimal or	2	Products applied to the axillae	66.6670%
Products applied to the body using the hands (palms), primarily leave- 5A on (Body lotion) Products applied to the face using the hands (palms), primarily leave- 5B on (Face moisturizer) Products applied to the hands using the hands (palms), primarily leave- 5C on (Hand cream) Products applied to babies using the hands (palms), primarily leave on 5D (Baby cream, oil, talc) Products with oral and lip exposure 7A Rinse-off products applied to the hair with some hand contact Not restricted 7B Leave-on products applied to the hair with some hand contact Not restricted 8 Products with significant anogenital exposure, primarily rinse-off 9 Products with body and hand exposure, primarily rinse-off 10A aerosol/spray products) Products with intended skin contact but minimal transfer of fragrance 11A to skin from inert substrate without UV exposure Products with intended skin contact but minimal transfer of fragrance 11B to skin from inert substrate with potential UV exposure Not restricted Other air care products not intended for direct skin contact, minimal or	3	Products applied to the face/body using fingertips	Not restricted
Products applied to the face using the hands (palms), primarily leave- 5B on (Face moisturizer) Products applied to the hands using the hands (palms), primarily leave- 5C on (Hand cream) Products applied to babies using the hands (palms), primarily leave on 5D (Baby cream, oil, talc) Products with oral and lip exposure 7A Rinse-off products applied to the hair with some hand contact Not restricted 7B Leave-on products applied to the hair with some hand contact Not restricted 8 Products with significant anogenital exposure, primarily rinse-off 9 Products with body and hand exposure, primarily rinse-off 10A aerosol/spray products) Household care products with mostly had contact (excluding aerosol/spray products) Products with intended skin contact but minimal transfer of fragrance 11A to skin from inert substrate without UV exposure Products with intended skin contact but minimal transfer of fragrance 11B to skin from inert substrate with potential UV exposure Not restricted Other air care products not intended for direct skin contact, minimal or	4	Products related to fine fragrances	Not restricted
Products applied to the face using the hands (palms), primarily leave- 5B on (Face moisturizer) Products applied to the hands using the hands (palms), primarily leave- 5C on (Hand cream) Products applied to babies using the hands (palms), primarily leave on 5D (Baby cream, oil, talc) Not restricted Products with oral and lip exposure Not restricted 7A Rinse-off products applied to the hair with some hand contact Not restricted 7B Leave-on products applied to the hair with some hand contact Not restricted 8 Products with significant anogenital exposure, primarily rinse-off 9 Products with body and hand exposure, primarily rinse-off Household care products with mostly had contact (excluding aerosol/spray products) 10A aerosol/spray products) Products with intended skin contact but minimal transfer of fragrance 11A to skin from inert substrate without UV exposure Products with intended skin contact but minimal transfer of fragrance 11B to skin from inert substrate with potential UV exposure Not restricted Other air care products not intended for direct skin contact, minimal or		Products applied to the body using the hands (palms), primarily leave-	
SB on (Face moisturizer) Products applied to the hands using the hands (palms), primarily leave- 5C on (Hand cream) Products applied to babies using the hands (palms), primarily leave on (Baby cream, oil, talc) Products with oral and lip exposure 7A Rinse-off products applied to the hair with some hand contact 7B Leave-on products applied to the hair with some hand contact 8 Products with significant anogenital exposure, primarily rinse-off 9 Products with body and hand exposure, primarily rinse-off 10A aerosol/spray products Household care products with mostly had contact (excluding aerosol/spray products) 10B aerosol/spray products) Products with intended skin contact but minimal transfer of fragrance 11A to skin from inert substrate without UV exposure Products with intended skin contact but minimal transfer of fragrance 11B to skin from inert substrate with potential UV exposure Other air care products not intended for direct skin contact, minimal or	5A	on (Body lotion)	Not restricted
Products applied to the hands using the hands (palms), primarily leave- 5C on (Hand cream) Products applied to babies using the hands (palms), primarily leave on (Baby cream, oil, talc) Products with oral and lip exposure A Rinse-off products applied to the hair with some hand contact Not restricted Reave-on products applied to the hair with some hand contact Products with significant anogenital exposure, primarily rinse-off Products with body and hand exposure, primarily rinse-off Household care products with mostly had contact (excluding 10A aerosol/spray products) Products with intended skin contact but minimal transfer of fragrance 11A to skin from inert substrate without UV exposure Products with intended skin contact but minimal transfer of fragrance 11B to skin from inert substrate with potential UV exposure Other air care products not intended for direct skin contact, minimal or		Products applied to the face using the hands (palms), primarily leave-	
Products applied to babies using the hands (palms), primarily leave on (Baby cream, oil, talc) Not restricted Products with oral and lip exposure Not restricted TA Rinse-off products applied to the hair with some hand contact Not restricted Reave-on products applied to the hair with some hand contact Products with significant anogenital exposure, primarily rinse-off Products with body and hand exposure, primarily rinse-off Source Household care products with mostly had contact (excluding aerosol/spray products) Products with intended skin contact but minimal transfer of fragrance The to skin from inert substrate without UV exposure Products with intended skin contact but minimal transfer of fragrance Other air care products not intended for direct skin contact, minimal or	5B	on (Face moisturizer)	Not restricted
Products applied to babies using the hands (palms), primarily leave on (Baby cream, oil, talc) Products with oral and lip exposure Rinse-off products applied to the hair with some hand contact Not restricted Reave-on products applied to the hair with some hand contact Products with significant anogenital exposure, primarily rinse-off Products with body and hand exposure, primarily rinse-off Description Household care products with mostly had contact (excluding 10A aerosol/spray products) Products with intended skin contact but minimal transfer of fragrance 11A to skin from inert substrate without UV exposure Products with intended skin contact but minimal transfer of fragrance 11B to skin from inert substrate with potential UV exposure Other air care products not intended for direct skin contact, minimal or		Products applied to the hands using the hands (palms), primarily leave-	
5D (Baby cream, oil, talc) 6 Products with oral and lip exposure 7A Rinse-off products applied to the hair with some hand contact 7B Leave-on products applied to the hair with some hand contact 8 Products with significant anogenital exposure, primarily rinse-off 9 Products with body and hand exposure, primarily rinse-off 10 Household care products with mostly had contact (excluding 10 A aerosol/spray products) 10 Household care products with mostly had contact (household 10 aerosol/spray products) 2.5000% Products with intended skin contact but minimal transfer of fragrance 11 to skin from inert substrate without UV exposure Products with intended skin contact but minimal transfer of fragrance 11 to skin from inert substrate with potential UV exposure Other air care products not intended for direct skin contact, minimal or	5C	on (Hand cream)	Not restricted
6 Products with oral and lip exposure 7A Rinse-off products applied to the hair with some hand contact 7B Leave-on products applied to the hair with some hand contact 8 Products with significant anogenital exposure, primarily rinse-off 9 Products with body and hand exposure, primarily rinse-off 10000% Household care products with mostly had contact (excluding 10A aerosol/spray products) 10B aerosol/spray products Products with intended skin contact but minimal transfer of fragrance 11A to skin from inert substrate without UV exposure Products with intended skin contact but minimal transfer of fragrance 11B to skin from inert substrate with potential UV exposure Other air care products not intended for direct skin contact, minimal or		Products applied to babies using the hands (palms), primarily leave on	
7A Rinse-off products applied to the hair with some hand contact 7B Leave-on products applied to the hair with some hand contact 8 Products with significant anogenital exposure, primarily rinse-off 2.0000% 9 Products with body and hand exposure, primarily rinse-off Household care products with mostly had contact (excluding aerosol/spray products) 2.5000% Household care products with mostly had contact (household aerosol/spray products) 2.5000% Products with intended skin contact but minimal transfer of fragrance to skin from inert substrate without UV exposure Products with intended skin contact but minimal transfer of fragrance to skin from inert substrate with potential UV exposure Other air care products not intended for direct skin contact, minimal or	5D	(Baby cream, oil, talc)	Not restricted
7B Leave-on products applied to the hair with some hand contact 8 Products with significant anogenital exposure, primarily rinse-off 9 Products with body and hand exposure, primarily rinse-off 5.0000% Household care products with mostly had contact (excluding 10A aerosol/spray products) 2.5000% Household care products with mostly had contact (household 10B aerosol/spray products) 2.5000% Products with intended skin contact but minimal transfer of fragrance 11A to skin from inert substrate without UV exposure Products with intended skin contact but minimal transfer of fragrance 11B to skin from inert substrate with potential UV exposure Other air care products not intended for direct skin contact, minimal or	6	Products with oral and lip exposure	Not restricted
8 Products with significant anogenital exposure, primarily rinse-off 9 Products with body and hand exposure, primarily rinse-off 5.0000% Household care products with mostly had contact (excluding 10A aerosol/spray products) 2.5000% Household care products with mostly had contact (household 10B aerosol/spray products) 2.5000% Products with intended skin contact but minimal transfer of fragrance 11A to skin from inert substrate without UV exposure Products with intended skin contact but minimal transfer of fragrance 11B to skin from inert substrate with potential UV exposure Other air care products not intended for direct skin contact, minimal or	7A	Rinse-off products applied to the hair with some hand contact	Not restricted
9 Products with body and hand exposure, primarily rinse-off Household care products with mostly had contact (excluding 10A aerosol/spray products) Household care products with mostly had contact (household 10B aerosol/spray products) Products with intended skin contact but minimal transfer of fragrance 11A to skin from inert substrate without UV exposure Products with intended skin contact but minimal transfer of fragrance 11B to skin from inert substrate with potential UV exposure Other air care products not intended for direct skin contact, minimal or	7B	Leave-on products applied to the hair with some hand contact	Not restricted
Household care products with mostly had contact (excluding aerosol/spray products) Household care products with mostly had contact (household 10B aerosol/spray products) Products with intended skin contact but minimal transfer of fragrance 11A to skin from inert substrate without UV exposure Products with intended skin contact but minimal transfer of fragrance 11B to skin from inert substrate with potential UV exposure Other air care products not intended for direct skin contact, minimal or	8	Products with significant anogenital exposure, primarily rinse-off	2.0000%
10A aerosol/spray products) Household care products with mostly had contact (household 10B aerosol/spray products) Products with intended skin contact but minimal transfer of fragrance 11A to skin from inert substrate without UV exposure Products with intended skin contact but minimal transfer of fragrance 11B to skin from inert substrate with potential UV exposure Other air care products not intended for direct skin contact, minimal or	9	Products with body and hand exposure, primarily rinse-off	5.0000%
Household care products with mostly had contact (household 10B aerosol/spray products) Products with intended skin contact but minimal transfer of fragrance 11A to skin from inert substrate without UV exposure Products with intended skin contact but minimal transfer of fragrance 11B to skin from inert substrate with potential UV exposure Other air care products not intended for direct skin contact, minimal or		Household care products with mostly had contact (excluding	
10B aerosol/spray products) 2.5000% Products with intended skin contact but minimal transfer of fragrance 11A to skin from inert substrate without UV exposure Products with intended skin contact but minimal transfer of fragrance 11B to skin from inert substrate with potential UV exposure Other air care products not intended for direct skin contact, minimal or	10A	aerosol/spray products)	2.5000%
Products with intended skin contact but minimal transfer of fragrance 11A to skin from inert substrate without UV exposure Products with intended skin contact but minimal transfer of fragrance 11B to skin from inert substrate with potential UV exposure Other air care products not intended for direct skin contact, minimal or		Household care products with mostly had contact (household	
11A to skin from inert substrate without UV exposure Products with intended skin contact but minimal transfer of fragrance 11B to skin from inert substrate with potential UV exposure Other air care products not intended for direct skin contact, minimal or	10B	aerosol/spray products)	2.5000%
Products with intended skin contact but minimal transfer of fragrance 11B to skin from inert substrate with potential UV exposure Other air care products not intended for direct skin contact, minimal or		Products with intended skin contact but minimal transfer of fragrance	
11B to skin from inert substrate with potential UV exposure Other air care products not intended for direct skin contact, minimal or	11A	to skin from inert substrate without UV exposure	Not restricted
Other air care products not intended for direct skin contact, minimal or		Products with intended skin contact but minimal transfer of fragrance	
	11B	to skin from inert substrate with potential UV exposure	Not restricted
12 insignificant transfer to skin Not restricted		Other air care products not intended for direct skin contact, minimal or	
	12	insignificant transfer to skin	Not restricted

The IFRA standards are based on assessments by the panel of experts of The Research Institute for Fragrance Materials.

It is the responsibility of customers to insure the safety of products manufactured by them.
